

# Have you been Zonte'd?

Zonte/zhon-tee -tey, zon-/ noun

A passionate person who mostly moves on instinct. Full of passion and intuition Zonte is a real electric current, needing to vibrate on a daily basis and avoid lukewarm.

Basically Zonte's is Fun, Cheeky, Sassy and Adventurous.

We produce wines just like us: lively, bold and full of spirit. Our grapes are adventurous in style and region, being sourced from McLaren Vale, Barossa, Langhorne Creek and the Adelaide Hills.

More and more people are singing our praises, with multiple medals and trophies. (#HumbleBrag). Our motto is "the truth is in the vineyard but the proof is in the bottle... as long as it's a bloody good drink!"

The General Wine Bar (Zonte's Home), is where the action happens! A lively local hangout where we love to join forces with well-known local businesses while supporting initiatives that both empower and help individuals and communities.

The Zonte's Footstep brand is quickly gaining a tribe of loyal followers who, naturally, share our passion for great vino, having a laugh and living a life filled with cheeky adventures.
